## Global Hydrologists Awards

### CALL FOR PROFILE– HYD Awards

**About Awards:** Hydrologists takes the privilege to awarding the Industries, Academicians, Researchers, Doctors, Scientist, and Regulators from Science, Health and Engineering fields across the globe to its International Events. The Global Hydrologists Awards is an annual gathering. This event is a unique international platform that's a meeting of all Researchers. We look forward to personally welcoming all the award winners.

**Objectives:** The International Events is awarding high quality Researchers in different subfields. The purpose of award ceremonies and assemblies is to celebrate researcher achievements and motivate them to continue on their path. The Good researchers are more motivated to succeed in their research field. People want to be respected and valued by others for their contribution. Offer the opportunity to be updated on the latest research outputs on several topics. Organize specific work shops around the most attractive and current issues. Gather worldwide experts as Event speakers.

**Key Features:** Excellent Venue | Inspiring Speakers | Certificate | Medal | Memento | Stage Photograph | Awardees list on website.

**Award Categories:** Outstanding Hydrology Research Award | Excellence in Hydrology Award | Innovative Water Solutions Award | Innovative Water Solutions Award | Sustainable Water Management Award | Groundwater Research Excellence Award | Climate Resilience Award | Hydrology Leadership Award | Flood Risk Mitigation Award | Water Conservation Innovation Award | Emerging Hydrology Scientist Award | Global Water Stewardship Award | Eco-Hydrology Excellence Award | Watershed Management Award | Hydro informatics Innovation Award | Urban Water Sustainability Award | Surface Water Dynamics Award | Remote Sensing Hydrology Award | Extreme Weather Analysis Award | Drought Resilience Award | Water Policy Leadership Award | Coastal Hydrodynamics Excellence Award | Freshwater Resources Protection Award | Catchment Management Award | Hydrological Data Innovation Award | Cryosphere Research Excellence Award | Hydropower Sustainability Award | Ecosystem Hydrology Award | Water Security Leadership Award | Resilient Water Systems Award

**Topics of Award Subjects include, but are not limited to:** Water Resources | Groundwater Hydrology | Surface Water | Watershed Management | Climate Hydrology | Ecohydrology | Urban Hydrology | River Hydraulics | Flood Modeling | Drought Assessment | Hydroinformatics | Remote Sensing | Water Quality | Hydrological Forecasting | Hydrometeorology | Water Governance | Sediment Transport | Coastal Hydrology | Water Conservation | Agricultural Hydrology | Glacier Hydrology | Hydropower Systems | Integrated Water Management | Water Policy | Catchment Hydrology | Transboundary Water | Blue-Green Infrastructure | Sustainable Water Use | Hydrological Extremes | River Basin Management | Hydraulic Engineering | Freshwater Systems | Water Security | Soil Moisture Dynamics | Climate Change Impacts | Groundwater Contamination | Water Resource Economics | Urban Flooding | Water-Energy Nexus | Environmental Hydraulics
